IN HONOR OF DEDICATED PUBLIC
SERVANT ASSEMBLYMAN GENE
MULLIN

HON. JACKIE SPEIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 3, 2008

Ms. SPEIER. Madam Speaker, as happens too often in this age of legislative term limits, the state of California is losing a wise, dedicated and accomplished public servant. Assemblyman Gene Mullin, who was first elected on November 5, 2002 to represent the 19th District of California, will retire at the end of this year.

Assemblyman Mullin represents a district that I, too, once served. I know the people there and I know that no one could serve them better than Gene. I cannot overstate my fondness and admiration for this man. He went into public service for the right reason: To serve. Any conversation with Gene is never about Gene. While many are called "selfless", with most it's just a word. Gene truly does put others first—constituents, family, students, even strangers. All who come into contact with him know that when Gene Mullin gives you his word, you can take it to the bank.

Gene served his community long before they chose him to represent them in the legislature. For 32 years, he taught government and coached basketball at South San Francisco High School. In the 1970s, he was tapped by city leadership to serve on the town's Planning Commission, where he was instrumental in attracting Genentech to the city in 1976. This started a bio-tech boom in South San Francisco and is a major reason why the city is on better financial footing than other municipalities. In 1979 the City Council named Gene Mullin "Citizen of the Year."

In 1995, Gene Mullin joined the South San Francisco City Council, where he served for seven years, including two terms as Mayor. Upon his election to the Assembly, Gene quickly made a name for himself as a quick study, hard worker and consensus-builder. He retires as Chairman of the Assembly Committee on Education and previously served as Chair of the Committee on Housing and Community Development.

Assemblyman Mullin has worked to ensure education funding for students and teachers. He authored bills to restore the \$500 million borrowed from the California State Teachers

Retirement System and has pushed programs to assure the quality of child care services. He has also been instrumental in efforts to provide affordable housing for all Californians.

Prior to his government service, Gene was a gifted and much-loved educator. Not only do many of his students still mention him as a favorite teacher and role model, but he was honored as San Mateo County's Teacher of the Year in 1991 and the California Teachers Association's 1996 State Teacher of the Year in Politics.

Gene Mullin graduated with a Bachelor's Degree in Political Science from the University of San Francisco in 1960 and holds a Lifetime Secondary Teaching Credential, also from USF.

Madam Speaker, our state is in serious need of dedicated and intelligent public servants in our legislature. Gene Mullin will be sorely missed in Sacramento, but our loss is his family's gain. A dedicated father, husband and grandfather, Gene can now spend more time with his lovely and vivacious wife, Terri, his two children, Jennifer and Kevin, and three grandsons, Austin, Jonathan and Colton.

Gene has lived his entire life in the Bay Area and we are all richer because of it.

HONORING SISTER JUDY GARSON
FOR HER LEADERSHIP OF THE
LITTLE SISTERS OF THE AS-
SUMPTION FAMILY HEALTH
SERVICES

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, October 3, 2008

Mrs. MALONEY of New York. Madam Speaker, I rise to pay tribute to Sister Judy Garson for her 24 years of service with the Little Sisters of the Assumption Family Health Services. Sister Judy has been an extraordinary leader, ably directing the expansion of the services provided by the Little Sisters of the Assumption Family Health Service and ensuring that the organization continues to be a vital force in the community. After nearly a quarter of a century in dedicated and effective service to others, Sister Judy Garson is embarking on a well-deserved retirement.

The devotion of the Little Sisters of the Assumption to the well-being of families with children in East Harlem is truly remarkable. Since its founding five decades ago this year, the Sisters' Family Health Service has offered community-based health services to historically underserved local residents of "El Barrio". Through a broad range of services, including parenting classes, summer day-camp trips for children in the community, and day-care services, the Little Sisters of the Assumption have made an enormous and enduring difference in countless lives.

In her nearly quarter century of service at Little Sisters of the Assumption Family Health Services, Sister Garson has seen its full-time staff expand from 30 to more than 60 employees. Under her guidance, the Little Sisters of the Assumption Family Health Services has evolved into a highly successful, independent organization that will continue to serve the East Harlem community for generations to come. During her distinguished tenure at the Little Sisters of the Assumption Family Health

Service, Sister Judy Garson has been at the forefront of the valiant effort to combat HIV and AIDS in a community that has widely been considered an epicenter of this lethal epidemic. With courage and compassion, she reached out to those suffering from HIV and AIDS at a time when misinformation and a lack of public awareness created an impenetrable stigma around those infected with the virus. Her educational outreach offered a shining example of her distinguished and effective service.

Perhaps the most remarkable facet of Sister Garson's 24 years of service with the Little Sisters of the Assumption Family Health Services is the patient and considerate attention that she pays to each and every family in her organization's care. She and her staff do more than identify clients' problems and offer assistance; they take the extra step to help families obtain enduring ways to overcome the obstacles in their lives.

Sister Judy Garson's leadership skills were apparent from the beginning of her career. After completing her bachelor's degree, Sister Judy accepted a prestigious position in Rome as one of five board members responsible for the administration of the Society of the Sacred Heart and its numerous chapters in more than 33 countries around the world. She drew upon the invaluable experience she gained at the Vatican when she returned to the United States, where she brought to bear her inspirational and effective leadership and management skills in our nation's greatest city.

In recognition of her outstanding contributions to the well-being of the people she has served and her extraordinary leadership of the Little Sisters of the Assumption Family Health Services, I ask that my distinguished colleagues join me in honoring Sister Judy Garson, an outstanding and compassionate leader who has dedicated her life to serving others.

NATIONAL GUARD AND RESERV-
ISTS DEBT RELIEF ACT OF 2008

HON. SHEILA JACKSON-LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 3, 2008

Ms. JACKSON-LEE of Texas. Madam Speaker, I rise today in support of S. 3197, the "National Guard and Reservists Debt Relief Act of 2008." This bill is important because it liberalizes the debt relief standard for those persons who are most deserving, our nation's heroes that serve in the National Guard.

This bill is important because the President has made it more difficult for people to claim bankruptcy. Specifically, the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005 (2005 Bankruptcy Act) was signed into law by President George W. Bush on April 20, 2005. The 2005 Bankruptcy Act is the most comprehensive overhaul of bankruptcy law in more than 25 years. The 2005 Bankruptcy Act makes particular changes to the consumer bankruptcy. The changes to consumer bankruptcy included, among other things, the establishment of a means testing mechanism to determine a debtor's ability to repay debts. Under this test, a chapter 7 bankruptcy case is presumed to be an abuse if it appears that the debtor has income in excess of certain thresholds.
